

ONCHAN DISTRICT COMMISSIONERS

*Hawthorn Villa,
79 Main Road, Onchan.*

ORDINARY MEETING

15th February 2023

Sir/Madam

You are hereby summoned to attend an **ORDINARY Meeting of the Authority** to be held in the Boardroom at **HAWTHORN VILLA, 79 MAIN ROAD, ONCHAN** to transact the undernoted business on:

Monday 20th February 2023

6:45 pm – Presentation

7:00 pm - Board Meeting

which will be followed by a meeting of the Board sitting **IN COMMITTEE**. Items on this agenda marked **(P)** will be considered in private, and correspondence is circulated separately.

Please note that the minutes referred to in the agenda have yet to be confirmed by the Authority as a true and correct record of proceedings at the various meetings, and will be published after ratification.

Yours faithfully

**R. PHILLIPS
CHIEF EXECUTIVE/CLERK**

AGENDA

The order of business at every meeting of the authority shall be in accordance with that laid down in Standing Order No. 24 unless varied by the Chairman at his discretion (with the exception of items 1, 2, 3 or 4 which cannot be varied) or by a resolution duly moved and seconded and passed on a motion which shall be moved and put without discussion.

1. To choose a person to preside if the Chair and Vice-Chair be absent.
2. To deal with any business required by statute to be done before any other business.

None.

3. To approve as a correct record and sign the Minutes of the:-

3.1 Minutes of the Ordinary Meeting held on Monday 6th February 2023 (Appendix 3.1)

3.2 (P) Staff Minutes of the Ordinary Meeting held on Monday 6th February 2023 (Appendix 3.2)

4. To dispose of any relevant business arising from such minutes if not referred to in the Minutes of any Special Committee:-

None.

5. To dispose of any relevant business adjourned from a previous meeting:-

5.1 2023/24 Office Closures during Christmas and New Year (Appendix 5.1)

To deal with any business expressly required by statute to be done:-

- 6.
7. To consider any planning decisions/communications from the Department of Infrastructure Planning Committee:-

7.1 Plans for Consideration (Appendix 7.1)

	PA Reference	Applicant/Address	Return Date
(a)	PA 23/00045/B	Mr & Mrs D Allen – 64 Laurel Avenue	24 th February 2023
(b)	PA 23/00051/B	Mr M Quayle – 11 The Park	24 th February 2023
(c)	PA 23/00096/B	Mr P J Lawther – 137 King Edward Road	24 th February 2023
(d)	PA 23/00113/B	Miss K M Errock – 50 Laurel Avenue	24 th February 2023
(e)	PA 23/00123/B	Mr I Hemensley – 30 Groudle View	3 rd March 2023

8. Finance and General Purposes:-

8.1 (P) Heating Charges

(Appendix 8.1)

8.2 (P) Quarter 3 Management Accounts

(To follow)

9. Consideration of any Reports from the Clerk or other Officer:-

9.1 Bowling Greens – Income Received for the 2022/23 Season

(Appendix 9.1)

9.2 Dates of the Diary

(Appendix 9.2)

9.3 (P) Onchan Raceway Lease

(Appendix 9.3)

9.4 (P) Scheme 10 - External Refurbishment Barrule Drive

(Appendix 9.4)

10. Consideration of any relevant correspondence (already circulated unless indicated):-

10.1 Scouts Isle of Man

(Appendix 10.1)

11. To answer any questions asked under Standing Order 34:-

To be confirmed.

12. To answer any Motions in the order in which notice has been received:-

None.

13. Environmental and Technical Services:-

13.1 Kerbside Recycling Collection

(Appendix 13.1)

14. Housing Matters:-

None.

15. Chairman's Announcements:-

Dates for Diary

Date	Organisation	Event	Time
19 th February 2023	Marown Parish Commissioners	Civic Service – Marown Parish Church	10:30 am
20 th February 2023	Onchan District Commissioners	Board Meeting	7:00 pm
24 th February 2023	Onchan Baptist Church	Link Meeting	7:00 pm
4 th March 2023	Onchan District Commissioners	Commissioners Surgery – The Hub – Commissioner Crellin attending	10:00 am to 12 noon
6 th March 2023	Onchan District Commissioners	Board Meeting	7:00 pm
7 th March 2023	Onchan District Commissioners	Commissioners Surgery – Heywood Court	2:00 pm to 3:00 pm

16. Any other URGENT business as authorised by the Chair for consideration:

MEMORANDUM

To:	The Board of Onchan District Commissioners		
From:	Chief Executive/Clerk		
Ref:	Office Closure during Christmas and New Year 2023/24		
Date:	31 st January 2023	File Ref:	

Dear Commissioners

The Board are advised in accordance with the Authority's Annual Leave Policy and Procedure that it states the following:

"Onchan District Commissioners grant their employees two extra days holiday over the Christmas period, the timing of which shall be determined by the Chief Executive/Clerk".

The dates for the two extra days' holiday over the 2023 Christmas period are as follows:

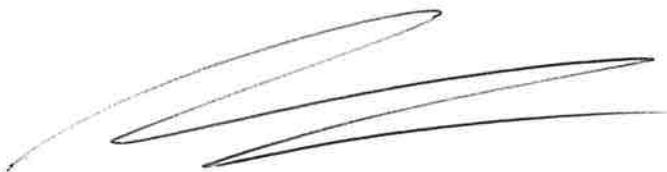

- Wednesday 27th December 2023; and
- Thursday 28th December 2023.

Therefore, rather than the office being opened for 1 day during the week of the 25th December 2023, it is requested that the Board consider to closure of the office from Friday 22nd December 2023 and re-opening on Tuesday 2nd January 2024.

This is in accordance with the Section 7.4 of the National Agreement, extracts of which are enclosed.

RECOMMENDATION:

For Board consideration

ROSS PHILLIPS

5.3 An employee dissatisfied with the grading of their job is entitled to appeal for a reconsideration of the grading. Procedures will be agreed locally to deal with such appeals.

5.4 Posts paid above the maximum of the pay spine but graded below deputy chief officer are within scope of the NJC. The pay levels for such posts are determined locally, but once fixed are increased in line with agreements reached by the NJC.

6. Working Time

6.1 The standard working week for full time employees is 37 hours (36 in London). This may be calculated over a period other than a week in accordance with the provisions of Part 3.

6.2 Employees who are required to work non-standard patterns of work shall be compensated in accordance with the provisions of Part 3 Para 2.

6.3 Variations to the established working week or patterns of work will be reasonable and subject to adequate notice.

6.4 Working arrangements will comply with relevant Health and Safety legislation, including the European working time directive and its associated UK legislation.

7. Leave

7.1 Public Holidays

Employees shall, irrespective of length of service, be entitled to a holiday with a normal day's pay for each of the statutory, general and public holidays as they occur.

7.2 Annual Leave

The minimum paid annual leave entitlement is twenty-two days with a further three days after five years of continuous service. The entitlement as expressed applies to five day working patterns. For alternative working patterns an equivalent leave entitlement should be calculated.

7.3 The annual leave entitlement of employees leaving or joining an authority is proportionate to their completed service during the leave year.

7.4 Extra Statutory Holidays

Employees shall have an entitlement to two extra statutory days holiday, the timing of which shall be determined by the authority in consultation with the recognised Trade Unions with a view to reaching agreement or added to annual leave by local agreement.

7.5 Public Duties

Paid leave of absence will be granted for employees undertaking jury service or serving on public bodies or undertaking public duties. Where an allowance

PLANS LIST

Board Meeting to be held on 20th February 2023
The Lead Member of Environmental and Technical Services and the District Surveyor have viewed the application and recommend the following:-

Planning Application	Applicant/Address	Description
PA23/00045/B Return Date 24/02/23	Mr & Mrs D. Allen 64 Laurel Avenue	Alterations and Extension.
	Recommendation - Approve (notify Nos 37, 52 & 54 Laurel Avenue)	
PA23/00051/B Return Date 24/02/23	Mr M. Quayle 11 The Park	Demolish timber side extension, remove stone cladding and re-render external walls, erect sun room and erect 2m high fence.
	Recommendation - Approve	
PA23/00096/B Return Date 24/02/23	Mr P.J. Lawther 137 King Edward Road	Removal of 2 chimney stacks.
	Recommendation – Approve	
PA23/00113/B Return Date 24/02/23	Miss K.M. Errock 50 Laurel Avenue	Replace an existing rear window with French doors.
	Recommendation – Approve	
PA23/00123/B Return Date 03/03/23	Mr I. Hemensley 30 Groudle View	Balcony extension to front elevation and relocate a flue for a log burner.
	Recommendation - Approve	

MEMORANDUM

To:	Onchan District Commissioners
From:	Chief Executive/Clerk
Ref:	Bowling Greens – Income Received for the 2022/23 Season
Date:	06/02/23

At the Ordinary meeting of the Board held on 23rd January 2023 it was requested that the following information be provided to the Members:

Membership Numbers 2022/23:-

100 members registered. No split between the greens is given as some players play on both greens and only pay one membership.

Crown Green Income 2022/23:-

- Membership fees - £2,573.76
- Hut rental fee - £200.00
- Team fees for visiting clubs - £900.00

Flat Green Income 2022/23:-

- Membership fees - £1,737.50
- Hut rental fee - £200.00

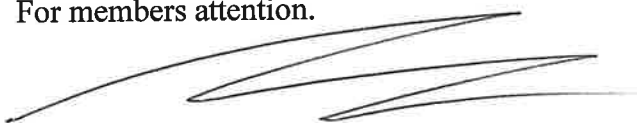

Bowling Festival Income 2022/23:-

- 2 No. festivals during the year - £1,620.00 in total.

Total income 2022/23 - £7,271.26

A separate paper is being compiled by the District Surveyor for the Members regarding the maintenance costs of the greens.

For members attention.

Dear Commissioners

For your information:

1. Photography Competition

Following only 6 entries during 2022 it is recommended that the competition is not advertised for 2023.

2. Onchan District Gardens Competition

Following only 6 entries during 2022 it is recommended that the competition is not advertised for 2023.

3. Daily Easter Egg Hunt at Onchan Park

Launch is planned for Thursday 6th April 2023.

4. Party in the Park

Party in the Park is to be held on Saturday 15th July 2023. Updates will be given as the planning proceeds.

5. Remembrance Day

Remembrance Day – Saturday 11th November 2023. Short service at Onchan War Memorial – to be confirmed following consultation with St. Peter's Church and allowing provision for the Children's Poppy Service.

Remembrance Sunday – Sunday 12th November 2023.

6. Night of Light

Night of Light is to be held on Wednesday 29th November 2023. Updates will be given as planning proceeds.

Re - Donation to the IOM's World Scout Jamboree fund

Dear Commissioners,
On behalf of the Island Commissioner and The Scout Association – Isle of Man I would like to thank you for your very generous donation of £500 to the Isle of Man contingents' World Scout Jamboree fund.

The Leaders and Young People who will be attending the Jamboree have been working very hard to raise the necessary funds. Your donation is a considerable contribution and I know it has been gratefully received.

Thank you once again, this is much appreciated.

Yours sincerely,

Island Secretary
Scout Association – Isle of Man

Island Commissioner - Guy Thompson

Island Secretary – Beverley Hewson
email - secretary@scouts.im

Further details relating to the charity are available on the charities website @ www.scouts.im

Kerbside recycling collection proposal

Proposal outline

Residents of Onchan are offered discounted kerbside recycling through recyclecollect.im. Recyclecollect.im handle the complete service from household booking, customer correspondence, collection boxes and kerbside pickup. Onchan District Commissioners offer a reduced price to Onchan residences for use of this service.

Details

Cost per household by service provider Recyclecollect.im based on 2 boxes* – £103.80 per annum

* 2 boxes: box #1 – tin & plastic; box #2 – paper and glass

Option 1

50% subsidy by Onchan District Commissioners - £51.90 per annum per household

Capped at 439 homes in the first year (10% of households)

Annual cost £22,789.29

Taking into account the savings on gate fees, the cost would come to - **£16,116.49** per annum

Option 2

1/3rd subsidy by Onchan District Commissioners - £34.60 per annum per household

Capped at 439 homes in the first year (10% of households)

Annual cost £15,189.40

Taking into account the savings on gate fees, the cost would come to - **£8,516.60** per annum

Option 3

We offer an annual fee to the rate payers to have kerbside recycling provided by Recycle Collect.im as an additional domestic refuse charge per property (similar to other authorities do for their waste collection)

a) Suggested **£60 per annum** (per household) – annual cost** = £19,228.20

Taking into account the savings on gate fees, the cost would come to - **£12,555.4** per annum

** based on a 10% uptake

b) Suggested **£80 per annum** (per household) – annual cost** = £10,448.20

Taking into account the savings on gate fees, the cost would come to - **£3,775.4** per annum

** based on a 10% uptake

At £80, 100% uptake would cost the authority £104,482.00. The cost to the authority would be reduced to £37,754 when gate fees are factored in.

Effect on gate fees at the energy from waste plant:

Based on Recycle Collect.im latest collection data, the approximate disposal of recyclables per household per year is as follows:

26kg plastics and cans per annum

7kg cardboard and paper per annum

86kg glass per annum

160kg total per annum or 0.16 metric tons

If **439 customers (10% of households)** join recyclecollect.im Onchan District Commissioners will save approximately **£6,672.80** per annum in waste disposal charges (based on £95 a metric ton in incinerator costs).

Please read the attached proposal from Recycle Collect.im (appendix 1)

Only if this service is taken up will the cost increase. The charge will be based on the number of customers who use the service, so if the uptake is low, the costs won't be as high. We will be able to observe whether residents are eager to use a recycling collection service from their uptake and monitor the weight in the recycling collection banks to see if it decreases. Recycling is becoming more popular, so the areas are becoming fuller. Using this method, we can provide kerbside services without directly investing in materials, vehicles, or staff, allowing us to discontinue the service at no additional charge if data indicate there is no interest in it.

Arbory and Rushen, and I believe Santon are already offering a discounted rate to their rate payers for this service.

Further points to consider

Metal and glass are a drain on the system at the energy from waste plant as neither material has any calorific value, they do not burn. It takes a lot of energy to destroy these items.

See page 6 – point 3.10, 3.11 and 4.4 of Appendix 13(a) of the IMPACT report – Assess options for maximising the net renewable energy production from the energy from waste facility – IOM Government

Increasing the Calorific Value (CV) of Waste Feedstock

3.10. Increasing the net renewable energy production from the PWI can also be achieved by increasing the calorific value of EfW feedstock. Waste made from non-combustible material such as metal (ferrous and non-ferrous), electrical items and glass absorb energy during the incineration process. This reduces the CV, energy produced and consequently electricity produced.

3.11. The most recent EfW feedstock analysis (M.E.L., 2019) identified 11.5% of non-combustible waste in the EfW feedstock. The EfW design criteria (Isle of Man Government, 2016) is for combustion of waste between 9.5 MJ/kg and 10.7 MJ/kg. In 2018 the average CV was 10.2 MJ/kg. There are schemes on Island for recovering glass, metal and some WEEE from the waste stream and these should be promoted to increase participation and material capture. The proposed 2020 household baseline waste composition audit will provide contemporary data. Household waste is circa 72% of the PWI feedstock.

4. THE ACTIONS

4.4. Promote schemes for recovery of metal, glass and other non-combustible waste materials from the residual waste stream.

Bonus points – the glass stays on island and is used in construction. The aluminium can be recycled at near 100% forever. It also reduces the energy costs (I mean carbon cost here) down by 95%. So, they are the best materials to focus on. By offering a 50% subsidy, ODC is doing their best to remove the non-combustible items from the refuse stream while the customer is paying to recycle paper and plastic.

The bring banks are getting very well used and taking on the scheme will stop the areas becoming increasingly cumbersome and full.

There may be an option to change weekly collection for those signing up to bi-weekly collection, possibly further reducing costs, but this would need to be discussed with the refuse team.

We need to think about how to reduce the authorities' carbon footprint, and this is a good place to start.

Recap

Option 1 – **50% subsidy** – energy from waste plant costs deducted - **£16,116.49 per annum**

Option 2 – **1/3rd subsidy** – energy from waste plant costs deducted - **£8,516.6 per annum**

Option 3a – **£60 annual add on** – energy from waste plant costs deducted - **£12,555.4 per annum**

Option 3b – **£80 annual add on** – energy from waste plant costs deducted - **£3,775.4 per annum**

My preferred option would be Option 1.

Many thanks,
Fenella Logan

recyclecollect.im

Kerbside Recycling Collection Proposal

Introduction

recyclecollect.im is a domestic kerbside recycling collection service offering fortnightly collections of plastic, cans, cardboard, paper, glass and are now the first collection service to offer domestic Tetra collection.

Our aim is to make recycling easy and convenient for everyone. This way, we can increase the amount of people recycling and help reduce the Isle of Man's carbon footprint.

Our easy to use and innovative cloud based software enables us to run an efficient operation to keep costs low, reduce administration time and provide an excellent forward thinking service.

At **recyclecollect.im** we are passionate about the environment, and through our website we are able to calculate an efficient collection route, without having to drive around all addresses. This not only reduces our collection times but our carbon emissions too.

In order to increase participation, we would really like to work alongside other local authorities/parishes to increase recyclable waste, and reduce the amount of waste sent to the Energy from Waste Plant.

We are delighted to have secured a contract with 2 local parishes in 2022, and would love the opportunity to expand our service and resource further.

Clara Isaac

Director & Founder at
recyclecollect.im

How It Works

-  New customers register their interest via our website.
-  **recyclecollect.im** approves their address and they receive an email inviting them to activate their subscription.
-  Once the customer has activated their subscription their recycling boxes are delivered within 7 days.
-  After the boxes are delivered the customer receives an email advising them what goes in each box and what can and can't be collected.

Collections

Collections are done using our 2 long wheel base Ford Transit vans. The interior of each vehicle is modified, enabling each recyclable waste stream to be split upon collection.

Expansion requirements require an additional van with our modified interior which has a quick turn around.

We currently have a Hybrid vehicle on order directly from Ford, with a lead time of approximately 6-9 months.

What Goes In Each Box?

Please note all recyclables must fit in your boxes with the lids securely closed. If you need another box please add this via the 'My Subscription' page on your dashboard.

Yes Please

Clean and empty plastic bottles and cans including:

- ✓ Soft drinks
- ✓ Milk bottles
- ✓ Empty cleaning product bottles
- ✓ Shampoo bottles
- ✓ Cosmetic bottles
- ✓ Metal cans and tins
- ✓ Empty aerosols
- ✓ Foil/foil trays

We cannot accept the following items:

- ✗ Brown paper
- ✗ Brown envelopes
- ✗ Wrapping paper
- ✗ Books
- ✗ Greeting cards
- ✗ Wallpaper
- ✗ Laminated paper
- ✗ Paper towels/tissues
- ✗ Milk cartons
- ✗ Juice cartons

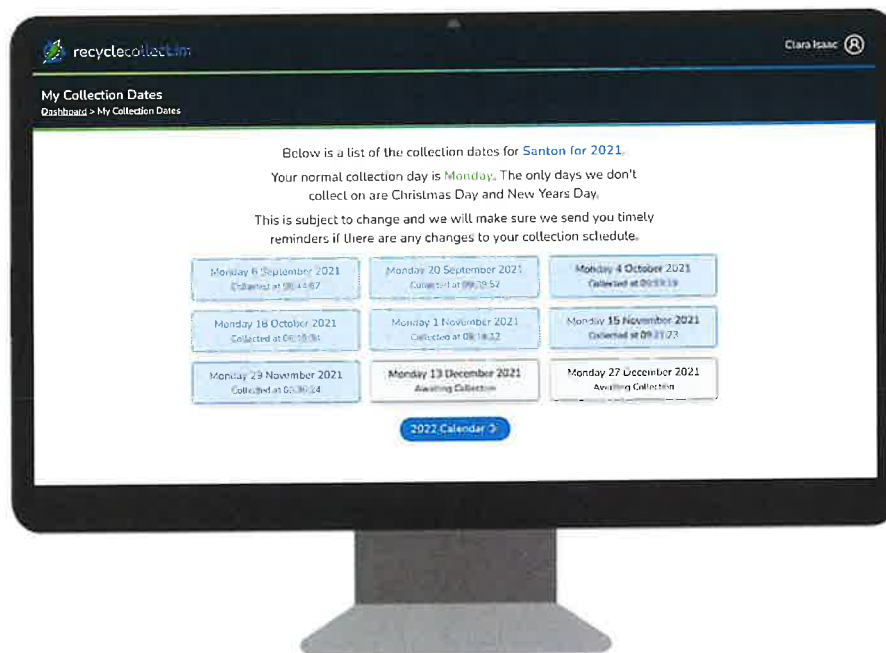

Why Use recyclecollect.im?

Upon signing up, each user will have access to their own online dashboard.

This shows a calendar of collection dates, enables them to view previous and future collections, along with any notes left by collectors. This streamlined approach provides people with feedback on their collection, and helps to educate for future collections.

The platform enables users to update or cancel their subscription. Any modification to a subscription sends a notification to recyclecollect to drop off or collect additional boxes, or to request the approval of a change in address.

Automated email reminders are sent to residents the evening before each collection, to remind them to put their boxes out.

recyclecollect.im can add notes onto a customers account, which will display on the collection listing. This is useful in poor weather conditions, when people can notify recyclecollect that they will leave their boxes in a sheltered or secure location.

We have a strong presence on our social media platform and our website, and have used this to engage and educate our followers. This helps reduce unaccepted items on collection rounds, and encourages participation by remedying confusion about recycling.

How Is It Recycled?

recyclecollect.im drops off collections of plastic, cans, cardboard and paper to Douglas Borough Council who collect and send recycling to the below locations.

The glass we collect is taken directly to Corletts in Peel and turned in to eco sand.

Tetra and cartons are taken to Tels in Snugborough in partnership with Isle of Man Creameries.

Each individual material drop off is weighed, receipted, approved and documented. This enables us to monitor how much of each material we are collecting which can be provided to Onchan District Commissioners on a regular basis as required.

Where Is It Recycled?

recyclecollect.im

Where does it go?

Paper - goes to a mill in North Wales 🇬🇧

Cardboard - goes to Lancashire to become more cardboard boxes 📦

Glass - goes to Peel to be made into aggregate for building materials 🏠

Plastic - goes to Yorkshire to be made into more plastic and garden furniture

Aluminium - goes to Cheshire to be made into new cans or even airplanes! ✈️

Other metal - goes to a local scrap metal merchant

How can we work together?

Kerbside recycling means everyone can take part. This includes people who are disabled, elderly, cannot drive, along with busy families, busy working people, and also children.

Recyclecollect provides an inclusive service, and we would value the help of Onchan District Commissioners to raise awareness and increase the recycling rate in Onchan.

Our user platform, collection systems and social media are ideal to help educate residents. We would appreciate the opportunity to work with Onchan District Commissioners to provide talks/drop ins to Onchan residents for face to face discussions..

Social media is a key source of communication on the Isle of Man, and recyclecollect.im hopes to improve the reach of our social media posts by inviting Onchan District Commissioners to circulate our posts on their platform.

Recently we have been working alongside a local Parish who have helped to subsidise the cost of recyclecollect for their residents. In the first month this has increased take up by 70%.

We would be delighted to see this considered by Onchan District Commissioners for April 2023.

Ultimately recyclecollect envisages all households receiving a fortnightly recycling collection along with a fortnightly refuse collection. **Pricing for this would be fairly considered in line with the cost of refuse collection.**

Pricing

Using our custom made cloud based software recyclecollect.im can bill on a take up basis rather than a blanket charge. This means a charge will only be incurred for the number of customers who use the service.

Based on current take up on the Isle of Man, we estimate in year 1 the maximum take up will be 10% of households. Currently we have 81 households signed up in the Onchan area, and 136 that have registered their interest.

66% of our customers have signed up for 2 boxes, 27% for 3 boxes and 7% for 4 boxes.

recyclecollect.im has developed partnerships with local companies who sponsor our boxes, thereby eliminating the need for any capital outlay from Local Authorities/Commissioners. The boxes currently cost £8 per unit including delivery to the Isle of Man.

The cost per household is:

Number of boxes	Price per month (£)	Price per year (£)
2	8.65	103.80
3	10.82	129.84
4	12.99	155.88

Based on the above current pricing we have a contribution proposal for Onchan residents for your consideration.

Pricing

1/3rd of the cost of 2 boxes covered by Onchan District Commissioners, and the remainder paid for by the customer through a recyclecollect.im subscription.

Current & minimum expected costs per annum:
(based on 120 customers already using recyclecollect.im)

Number of boxes	Customers	Price per year (£)	Total Cost (£)
2	120	34.56	4,147.20
Total			4,147.20

Maximum expected cost per annum for first year:
(based on 400 households)

Number of boxes	Customers	Price per year (£)	Total Cost (£)
2	400	34.56	13,824.00
Total			13,824.00

Any additional sign ups over the maximum's estimated households will be subject to approval from Onchan District Commissioners to add immediately to the collection list, or to be added to a waiting list until additional budget is approved.

We would gladly welcome the discussion about an alternative percentage contribution.

Cost Savings

Based on our latest collection data, the approximate disposal of recyclables per household per year is as follows:

26kg plastics and cans per annum

47kg cardboard and paper per annum

86kg glass per annum

160kg total per annum

If 400 customers (10% of households) join **recyclecollect.im** Onchan District Commissioners will save approximately **£6,122.24** per annum in waste disposal charges.

By attracting corporate sponsors to buy the recycling boxes* **recyclecollect.im** can save Onchan District Commissioners **£6,000.00** (based on 2 boxes per household).

Encouraging recycling makes fortnightly refuse collections more realistic which is where further cost savings could be made.

*We are willing to work with local authorities/parishes who wish to purchase and own the boxes that are suitable for our collection vehicles
