ANTHONY ALLEN X

Serving the People of Onchan

Dear Voter

For the last 4 years I have given commitment, energy and resolve to serve the people of Onchan as your elected Commissioner.

Working for a better local authority for everyone, a united community and a place we can be proud to call home.

Chairman and Vice-Chairman of Onchan District Commissioners 2017-2019.

At the forefront of important decisions that have sometimes been difficult, but necessary in shaping the Authority to make it more effective, efficient and financially able to deliver daily services for the whole community.

There are many achievements during my four-year term which I am proud of.

Helping people has given me the most satisfaction of all and this is my focus for the future.

In difficult times I have proved to be the most capable and driven Commissioner always giving 100%.

I will rise to any new challenges, making a difference, delivering for everyone real results, not broken promises.

Your support and very important vote on 23 April 2020 will ensure that our community is in good, capable and safe hands for the future, holding our local and national government to account, asking questions and demanding answers. Together we can improve our area and the lives of the people living in Onchan.

CARE FOR THE ELDERLY

The Government continues to struggle with providing for the elderly and it's likely the local authority will be called upon to meet more of these needs in the years to come. Health and Social Care need a joined-up approach for the community without compromise.

ROADS AND PAVEMENTS

There are many places needing attention and this is an ongoing priority to report and repair.

COMMUNITY POLICING

Visible police presence, seen regularly in the community and able to respond quickly when needed.

EASTERN AREA PLAN

I am against any major new residential housing development in Onchan. Remain unconvinced by the Governments eastern plan and population statistics.

ONCHAN PARK

Future developments include more variety and free facilities for greater community use.

STREET LIGHTING

On going provision to meet a safe and reliable service.

PARKING

Meeting residents needs and enforcing strict penalties to those who break the law.
